

Taliesin the Frank Lloyd Wright School of Architecture is pleased to provide one of the most unique educational experiences available in higher education, designed for students who thrive in a multifaceted environment pursuing rigorous design, critical thinking, and hands-on learning. The small scale of the School facilitates a highly focused educational experience and fosters a close relationship between students, faculty, and staff. A progressive curriculum offers a variety of studios, classes, and projects.

Faculty review of Box Projects

“The greatest challenge for the next century will be to successfully integrate tradition with the awesome changes occurring in response to technological advances. As educators we must provide an environment where both tradition and change are respected – and embraced with enthusiasm.”

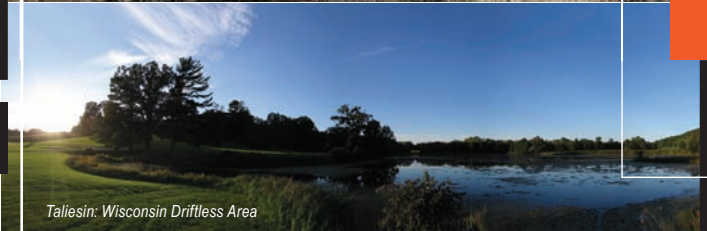

—E. Thomas Casey, Founding Dean

TALIESIN[®]
FRANK LLOYD WRIGHT
SCHOOL OF ARCHITECTURE

The Frank Lloyd Wright School of Architecture is a year-round program with a 12-month calendar. On-campus residency is required. The winter session (October–May) is at Taliesin West in Scottsdale, Arizona, and the summer session (May–October) is at Taliesin in Spring Green, Wisconsin.

Taliesin West: Arizona Sonoran Desert

Taliesin: Wisconsin Driftless Area

New students typically enroll in October in Arizona. Applications are accepted throughout the year. To learn more about the application process, deadlines, and request School publications and application materials, please visit the School’s website or contact the Director of Admissions.

Director of Admissions:

Pamela Stefansson | nikita@taliesin.edu

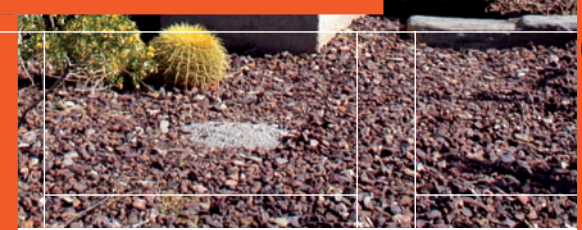

Taliesin, the Frank Lloyd Wright School of Architecture offers programs leading to two degrees: the pre-professional Bachelor of Architectural Studies (BAS) and the professional Master of Architecture (M.Arch). The School, including both degree programs, is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, www.ncahlc.org 800.621.7440, 30 N. LaSalle Street, Suite 2400, Chicago, IL 60602.

The Master of Architecture degree is also accredited by the National Architectural Accrediting Board, www.naab.org. In the United States, most state registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. The National Architectural Accrediting Board is the sole agency authorized to accredit U.S. professional degree programs in architecture.

Above: “The Hook” shelter by Luis Daniel Salazar (BAS ‘04) is one of many experimental structures on campus that are designed, built, and inhabited by students. The shelter program began in the late 1930s with the construction of Taliesin West.

TALIESIN[®]

TALIESIN

The professional **Master of Architecture (M.Arch)** program at the Frank Lloyd Wright School of Architecture prepares students in advanced design integrated with professional practice in the intense setting of Taliesin's educational community. Graduates of the program are prepared to enter leadership roles within the architectural profession and become licensed architects upon completion of internship experience and passing the architectural exam.

Entrants to the M.Arch program have an undergraduate degree, typically in architecture or a related field. Those with an undergraduate degree in a field unrelated to architecture are encouraged to apply to the program if they can demonstrate advanced critical thinking in other fields and an ability to communicate graphically. Applicants must have at least 36 credit-hour equivalents in college-level calculus, physics, chemistry or biology, English composition, humanities, history, psychology or anthropology, and art/design. All applicants must demonstrate ability in hand and computer-aided drafting. The M.Arch degree program generally requires two and a half to three full years to complete.

The **Bachelor of Architectural Studies (BAS)** program provides an undergraduate degree for students who thrive in a multifaceted environment that focuses on rigorous design, critical thinking, and hands-on learning. Graduates of the program are prepared to enter professional-level graduate schools in architecture and related fields.

Entrants to the BAS program have at least 27 credit-hour equivalents in college-level calculus, physics, chemistry or biology, English composition, humanities, history, psychology or anthropology, and art/design. All applicants must demonstrate ability in hand and computer-aided drafting. The BAS degree program is generally completed in three to four years, depending upon academic background prior to entry.

Tuition for both programs is \$30,000 per year and may be raised annually. Limited School-sponsored scholarships are available to students demonstrating financial need and academic merit. Title IV funding is available via Direct Loans and GradPlus Loans. VA funding is also available.

"Perhaps the hippest dormitory in the world."

— New York Times

"Every great architect is - necessarily - a great poet. He must be a great original interpreter of his time, his day, his age."

— Frank Lloyd Wright
